

HDPE Locker Range **Generation 1**

HDPE Lockers provide a true 'heavy-duty' locker experience. The locker is weather-resistant, UV-resistant, and vandal-resistant making it suitable for indoor and outdoor spaces such as schools, gyms, and more.

Supplied by

1300 272 657
OLP.COM.AU

Key Features and Benefits

- Doors are available in a variety of colours and configurations
- UV, rust, corrosion, bacteria and vandal proof
- Weather-resistant
- Patented design
- Easy to clean
- Low maintenance
- Multiple locking options
- Locking system attached to 316 Stainless steel plate
- Recyclable, environmentally friendly
- 50kg shelf capacity uniformly distributed load (UDL)
- 20-year product warranty (8-year warranty for outdoor, undercover use)

Product Parameters

Code	Item Description	Dimensions (mm)
O5-001	Steelco HDPE Locker – Full Height Single Tier	1810H x 385W x 500D
O5-002	Steelco HDPE Locker – Full Height Two Tier	1810H x 385W x 500D
O5-003	Steelco HDPE Locker – Full Height Three Tier	1810H x 385W x 500D
O5-004	Steelco HDPE Locker – Full Height Four Tier	1810H x 385W x 500D
O5-005	Steelco HDPE Locker – Full Height Six Tier	1810H x 385W x 500D
O5-006	Steelco HDPE Locker – Full Height Eight Tier	910H x 385W x 500D
O5-007	Steelco HDPE Locker – Half Height Single Tier	910H x 385W x 500D
O5-008	Steelco HDPE Locker – Half Height Two Tier	910H x 385W x 500D
O5-009	Steelco HDPE Locker – Half Height Three Tier	910H x 385W x 500D
O5-010	Steelco HDPE Locker – Third Height Single Tier	610H x 385W x 500D
O5-011	Steelco HDPE Locker – Third Height Two Tier	610H x 385W x 500D
O5-012	Steelco HDPE Locker – Quarter Height Single Tier	460H x 385W x 500D

Customisation

We pride ourselves on delivering products to our customers that meet their specific requirements. As a result of our manufacturing capabilities, if you're looking for a custom size, colour or product, chances are we can do it!

Contact your local sales representative for more information.

Standard Lock Options

There are a wide variety of lock options to choose from, with varying features and locker compatibility. **To discuss which locks would best suit your needs and your locker of preference, contact your local sales representative.**

Keylock

The Keylock is a simple, reliable key-based locking mechanism. It's easy to use and integrates seamlessly into standard locker designs, offering basic security for personal or workplace storage.

Pad-latch

Pad-latches offer flexible security by allowing users to apply their own padlocks. This is a cost-effective and user-controlled option for shared spaces.

Additional Lock Options

Mechanical Combination Lock

Digital Combination Locks provides keyless entry with programmable number codes, making it a secure and convenient choice for shared or high-turnover environments.

Push Button Digital Lock

Push Button Locks use mechanical or electronic buttons for PIN entry and are known for quick access without batteries or external power.

Touch Pad Digital Lock

Touch pad digital locks feature sleek, illuminated keypads that support PIN entry. They offer a modern aesthetic and are well-suited to environments needing intuitive and secure access.

RFID Lock

RFID locks provide contactless access using swipe cards and are perfect for streamlined user management. They integrate with access control systems for centralised security and audit tracking.

Touch Pad & RFID Lock

These hybrid locks combine the flexibility of a keypad with the speed of RFID access with dual authentication options. Ideal for tech-forward environments with advanced access control protocols.

Padlock

Padlocks are an affordable and versatile option for lockers with padlatch fittings. Users maintain their own keys or combinations, making them well-suited for temporary or casual use.

Coin Operated Lock

Coin operated locks are perfect for public or shared facilities like gyms and aquatic centres, offering temporary use with a refundable coin or an option to charge users and retain the coin.

Smart Lock System

Steelco Smart Locker Systems deliver secure, adaptable storage with advanced electronic locking technology. Designed to streamline storage management, these lockers offer flexible access options, real-time usage tracking, and seamless integration with your workplace or public environment. Ideal for parcel management, personal storage, and shared asset control, Steelco Smart Lockers deliver efficiency without compromising on durability or style.

Accessories

Sloping Top

Sloping Tops are perfect to prevent the buildup of dust and dirt.

Sloping Top

Height Adjustable Feet

Adjustable Feet offers compensation for uneven floors, ensuring stable positioning.

Numbering

Lockers can be equipped with numbers to help users easily identify their locker.

Numbering

Wall Fixing Kit or Dynabolt

The Wall Fixing Kit or Dynabolt safely secure the locker to the wall or floor. This added stability is essential in preventing tipping and ensuring user safety.

Hanging Rail

Hanging rails are available to install inside the locker compartment for hanging storage. They provide a practical solution for keeping uniforms, jackets, or bags neat and wrinkle-free.

Hanging Rail

Coat Hook

Coat Hooks are handy to hang clothes or other items.

Additional Shelf

Additional shelves are available to add storage space within each tier. These shelves help separate personal items, improving organisation and maximising vertical space.

Additional Shelf

GPO and USB

GPO and USB capabilities can be installed to allow users to charge their devices while using the locker.

GPO and USB

Ventilation Hole Cover

Ventilation holes allow the locker to aerate, preventing stagnation and the build-up of smells. Proper airflow promotes hygiene and keeps stored items fresh.

Ventilation Hole Cover

Accessories

Lock Cover

The Lock Cover protects your lock system from weather damage. It extends the lifespan of the locking mechanism by shielding it from moisture, dust, and debris.

Lock Cover

Base

The 80mm high bases elevates the locker off the ground for easier access to lower doors.

Locker Seat and Stand

The Locker Seat and Stand is the perfect solution to give your locker units more functionality.

Locker Seat and Stand

Locker Stand

The locker stand elevates the locker off the ground for easy access and cleaning underneath. It adds a layer of protection from floor spills or debris in busy environments.

Island Bench

Specifically designed to coordinate with Lockers, Seats, and Stands, the Island Bench gives the user additional off floor storage as well as a practical and robust seating option.

Island Bench

Code	Item Description	Dimensions (mm)
O1-104	Steelco Steel Black Frame Island Bench	450H x 1000-2400L x 420D

Certifications and Sustainability Features

Made with HDPE Plastic

HDPE (High-Density Polyethylene) plastic has a high strength-to-density ratio, making it durable, impact-resistant, and ideal for both heavy-duty and everyday applications. It is resistant to moisture, chemicals, and UV exposure, ensuring long-lasting performance in demanding environments. HDPE helps reduce environmental impact through reusability and minimal degradation during recycling.

Australian Trusted Trader

OLP is an accredited Australian Trusted Trader, recognised by the Australian Government for our secure and compliant international trade operations. This accreditation signifies our commitment to ethical sourcing, customs compliance, and risk management allowing us to build stronger partnerships and deliver more efficient, transparent supply chains.

APCO

OLP is a member of the Australian Packaging Covenant Organisation. OLP is committed to reducing the environmental impact of our packaging. We use packaging that prioritises recyclability, and avoids excess plastic and other materials.

Sedex

OLP is a registered supplier in the Sedex Ethical Sourcing Platform. OLP is committed to improving ethical, social and environmental standards at every step of our supply chain. **Reference No. ZC1011847**

ISO 9001:2015 – Quality Management System

OLP has a Quality Management System (QMS) that focuses on continuous improvement in customer service to our clients, including the delivery of quality products and services that are manufactured and provided to the highest industry standards. By following our QMS we are able to control the quality of all products that we distribute regardless if they are custom one-offs or our standard range.

ISO 14001:2015 – Environmental Management System

OLP's Environmental Management System (EMS) gives us the ability to identify better allocations of our "resource, waste and energy management" minimising our environmental footprint. The focus on providing an eco-friendly environment has significantly reduced our environmental impact and subsequently our entire networks impact, with the hope that it continues to reduce going forward into the future.

ISO 45001:2018 – Occupational Health & Safety

OLP has adopted international best practices in our systematic approach to health and safety management, by focusing on a proactive approach rather than reactive controls. From this structure it is easy to see that OLP has a rigorous OHS policy and management system in place to protect the health and safety of our employees and visitors at all OLP facilities and sites.

Product Stewardship

OLP embraces product stewardship by taking responsibility for the entire lifecycle of our products, from design and manufacturing to use and end-of-life. We implement take-back schemes, offer recycling support, and partner with industry programmes to ensure products are disposed of sustainably. This commitment reduces landfill waste and promotes responsible resource use.

Customer satisfaction is an imperative component of the comprehensive service that OLP provides. OLP strives to meet objectives and deliver products and services to meet our customer's needs.

OLP also endeavours to provide a better product and ongoing service, to do this we follow our ISO 9001:2015 certified quality management system.

Business Development Managers

We are represented in every state of Australia and New Zealand. If you wish to get in touch with us, please contact your local sales representative.
